Janvikas Samajik Sanstha

Dist. Beed, Maharashtra

Subject: Appreciation for Partnership in Sustainable Soil and Water Conservation & Livelihood Generation Project

Dear Mr. Ramesh Bhise Ji

On behalf of Owens-Corning (India) Private Limited, we would like to extend our sincere appreciation and heartfelt thanks to the entire team at Janvikas Samajik Sanstha for the invaluable partnership and support extended in the successful implementation of the project.

Your team's dedication, commitment, technical expertise, professional approach and grassroots engagement have been instrumental in creating meaningful and sustainable impact in the communities we set out to serve. Together, we have not only enhanced environmental conservation, agricultural productivity, sustainable livelihoods and water availability but also empowered local communities through participatory planning and capacity-building initiatives. This project has improved availability of safe drinking water, strengthened water security and enhanced agricultural productivity, positively impacting over 1,800 individuals and, created 150+ local employment opportunities.

The collaborative spirit and shared vision between our organizations have made this initiative a true example of what can be achieved when the corporate and development sectors work hand in hand. The progress we have made so far reflects our collective determination to promote sustainable development, restore ecological balance, and improve the quality of life in rural areas.

We value your continued partnership and look forward to building on this momentum to scale greater heights in the future. Deep gratitude to every member of your team who contributed their time, knowledge, and energy to this project.

Once again, thank you for your outstanding work and commitment to rural transformation.

With gratitude and warm regards,
